

Japan Society for Food Engineering 2009 Fall Season Lectures in Hiroshima

Organizer : Hiroshima City University Takuo Yano
Hiroshima University Yoshio Hagura

1. Date and Time

Friday Afternoon, December 4, 2009; Field Excursion

Saturday Morning, December 5, 2009; Lecture

2. Field Excursion

Field Excursion: Satake Corporation.

<http://www.satake-japan.co.jp/>

Date and Time : Friday, December 4, 2009; 12:15

Meet at Bus Stop in front of JR Hiroshima Station Shinkansen Exit

14:00 – 16:00 Satake Corporation Excursion

At around 18:00, separate into groups at Kamiya-cho, Hatchobori, and Hiroshima stations

Travel by reserved buses

Fees : Field excursion is free of charge

(Advance reservations required. Rolling Admission: Maximum of 30 People.)

Contact for applications and enquiries:

Biosystematic Engineering Laboratory

Takuo Yano

TEL&FAX : 082-830-1606

E-MAIL : tyano@hiroshima-cu.ac.jp

3. Lecture “Recent Issues in Food Engineering”

Date and Time : Saturday, December 5, 2009; 9:15 – 12: 15

Venue : Small Hall, Hiroshima City University Auditorium (3-4-1

Otsuka-Higashi, Asaminami-ku, Hiroshima-Shi) Parking Available

<http://www.hiroshima-cu.ac.jp/>

Around 60 minutes from JR Hiroshima Shinkansen Platform

JR Hiroshima Station to Yokogawa Station, 3 minutes on JR Sanyo Line

Yokogawa Station to Numata Toll Booth, 15 minutes by bus (a 7-minute walk)

E-MAIL : tyano@hiroshima-cu.ac.jp

- Hosts** Japan Society for Food Engineering
- Co-Hosts** Chemical Engineering Society, Chugoku & Shikoku Chapters
Hiroshima Food Engineering Association
Chemical Engineering Biogroup Supply and Food Production Specialized Subcommittee
The Society for Biotechnology, Japan
The Japanese Society for Food Science and Technology
- Support** Japan Society for Bioscience, Biotechnology, and Agrochemistry
The Society for Biotechnology, Japan, Western Japan Branch
The Japanese Society of Agricultural Machinery
The Japan Food Machinery Manufacturers' Association
Hiroshima City University Graduate School, Information Science Graduate Course, Creation Science
- Support** Hiroshima City, Hiroshima Prefecture
2,000 yen (Host, co-host, and supporting Society members)
4,000 yen (Non-member) Students, free of charge
Please pay onsite on the day. Please pay onsite on the day.
(Walk-in participants will be accepted, but please make reservation in advance, if possible.)

Program

- 9:15 – 9:20** Opening Address: (Takuo Yano)
- 9:20 – 10:00** Lecture 1
“Soybeans: Raw Material for Processed Food” “Soybeans: Raw

Material for Processed Food”

Genzo Sasaki

Ryokokushoji Co., Ltd.

Lecture 2

“Experimental Method of Evaluation for Kneading Conditions of

10:00–10:40 Moist Powder by Compression Test”

Nobuo Ban

Ajinomoto (Inc.) Production Technology Development Center

10:40 – 10:50 Break

Lecture 3

“Analysis and Selection Technology for Food Safety”

10:50 – 11:30

Takashi Mikami

Satake Corporation. Technology Headquarters

Lecture 4

Food Recycling Assessment”

11:30 – 12:10 Naoki Yoshikawa

Ritsumeikan University Graduate School of Science and Engineering

Postdoctoral Course Environmental Systems Research Center

12:10 – 12:15 Opening Address: (Yoshio Hagura)
